SUMMARY

Detail-oriented and motivated trainee with a strong interest in software engineering, eager to leverage my academic background and passion for technology. I have a solid foundation in software engineering principles and a genuine enthusiasm for innovation. My goal is to apply my technical skills and adaptability to contribute effectively to dynamic projects. I am committed to continuous learning and growth within software development while delivering high-quality solutions.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript
- **Frontend:** HTML, CSS
- **Database Management:** SQL
- **Other Skills:** SDLC(Agile)

INTERNSHIP

- **InTrainz Web Development Internship**
  Completed an internship focused on web development, where I learned HTML, CSS and JavaScript by building minor projects

PROJECTS

- **Rainfall Prediction using Machine Learning algorithms (college major project)**
  Implemented a rainfall prediction model that uses the Support Vector Machine (SVM) and Random Forest Classifier to categorize rainfall events according to weather data features.

EDUCATION

- St. Peter's Engineering College | B. Tech in Information Technology | 6.63 CGPA | 2020-24
- Sri Chaitanya College | 93.6% | 2018-20
- Sri Chaitanya School | 9.7 CGPA | 2018

SKILLS

- Analytical and Communication skills
- Independent and Team Collaborative
- Problem Solving and Solution Implementation

CERTIFICATES

- InTrainz Web Development certificate
- Responsive Web Design certificate by freeCodeCamp
